QUAD 150 – HIGH FRONT GUTTER

USE:	Residential housing projects – high rainfall and large roofs		
QUALITIES:	High tensile steel supplied by Bluescope Steel Limited High front designed to hide edge of roof sheets or tile edges Unslotted to effect smooth lines Available in all COLORBOND [®] colours & ZINCALUME [®]		
PERFORMANCE:	Designed to achieve Gutter requirements in BCA 2016 Section 3.5.2 Capable of carrying in excess of 32m2 of roof area per downpipe in SE QLD		
DESIGN: PROPERTIES:	Height		98mm
	Overall Width		150mm
	Lengths		Made to order up to 8 mtr
	Effective cross sectional area (AS 2179)		7600 mm ³
	ZINCALUME®alloy coated AZ150 conforms to AS1397 COLORBOND® coated steel in accordance with AS2728 – Category 3 A plastic film protects this product from scratches during fixing		
	Base Metal Thickness BMT (mm)	-	0.42
	Tensile Strength (MPa)	-	550
		- ZA	1.10
INSTALLATION:	Tensile Strength (MPa)	СВ	1.10 1.12
INSTALLATION: PANTEX FASCIA: OTHER FASCIA:	Tensile Strength (MPa) Mass (kg/lineal mtr)	CB to Pantex meta r Spacer ery 900mm as a	1.10 1.12 he designated high points al fascia with cluster
