

TOP HAT BATTEN 64

- FOR RESIDENTIAL, COMMERCIAL AND RURAL APPLICATIONS

DESIGN

STOCK LENGTHS	6.5m
---------------	------

PROPERTIES

• ZINCALUME® steel alloy coated AZ150 conforms to AS1397	
Base Metal Thickness BMT (mm)	0.75
Tensile Strength (MPa)	550
Mass (kg/lineal mtr)	1.26

PERFORMANCE

- ✓ Fire-resistant, termite-proof and rot-proof
- ✓ Lightweight design ensures easy handling and installation
- ✓ Straight, consistent and trouble-free performance

QUALITIES

- ✓ Constructed from high tensile TrueCore® steel
- ✓ Cost effective alternative to purlins or timber battens

MAXIMUM SPAN

Point Load: 1.1kN (strength criteria only)

SINGLE SPAN	2400
2-SPAN CONTINUOUS	1800
2/3 LAPPED CONTINUOUS SPAN	2700

FASTENERS

- One fastener into each flange, directly opposite
- Screws to have hexagon head.

TIMBER JOISTS	STEEL JOISTS
Vortex Batten Fix 12g - 11 x 40mm	Self Drilling 12g x 20mm
